# Rehabilitation Bonds Held By Earth Resources Regulation As at 29th July 2020

This report shows the rehabilitation bonds held by Earth Resources Regulation for tenements under the *Mineral Resources (Sustainable Development) Act 1990*.

#### **Acknowledgement of Victoria's Traditional Owners**

The Victorian Government proudly acknowledges Victorian Traditional Owners as Victoria's first peoples and pays its respects to their Elders past and present.

We recognise the intrinsic connection of the first peoples to their Country for countless generations and their inherent obligation to maintain and strengthen their distinct cultural rights and responsibilities to care for their Country.

We value Traditional Owners' role in the management of land, water and biodiversity and acknowledge the ongoing contribution this makes to our earth resources.

We have distinct legislative obligations to Traditional Owner groups that are paramount in our responsibilities in managing Victoria's resources.

We support the need for genuine and lasting partnerships with Aboriginal people and communities to understand culture and connections to Country in the way we plan for and regulate our earth resources.

#### Summary

This report shows the rehabilitation bonds currently held by Earth Resources Regulation for tenements under the *Mineral Resources (Sustainable Development) Act* 1990, as of the report date. This report will be updated on a periodic basis as part of the regulator's commitment to transparent reporting.

The first summary table shows the total number of bonds and the bond dollar value for each tenement type.

The second table shows the bond amount held for individual tenements.

More detailed information for each tenement is available online via the department's GeoVic website, including any changes in bond values:

https://earthresources.vic.gov.au/geology-exploration/maps-reports-data/geovic

More information about the regulatory requirements for the rehabilitation of earth resources sites and the improvements being made is also available online:

https://earthresources.vic.gov.au/community-and-land-use/rehabilitation

Summary Of Bonds Held By Tenement Type

<sup>\*</sup> Mornington Peninsula Shire as part of the planning permit requirements for WA267 requires a bond to be held by council for the rehabilitation of this site. Subsequently the rehabilitation liability for this site is secured by this facility and no additional bonds are required to be held by the Mineral Resources (Sustainable Development) Act 1990.
